

THE FARMHOUSE FOUNDATION

TECNOLOGY GRANT APPLICATION

The FarmHouse Foundation Chapter Technology Fund was established to assist FarmHouse chapters (that are 10 years or younger who have limited resources) with a financial grant to purchase computers and affiliated technology for their chapter house for the educational benefit of their members. A one-time grant of up to \$3,000 can be awarded.

An estimated invoice or receipt must be attached to the application. The Foundation can either pay the invoice directly or reimburse the chapter and/or association after they purchase the equipment. The FarmHouse Foundation is unable to release any monies without documentation for our records and a bill to reimburse from.

With this grant, it is understood by the chapter and its members that the computer(s) and affiliated technology must be used for only educational purposes. Misuse of the technology must be reported and these items returned to The FarmHouse Foundation.

Name of Chapter: _____

Date: _____

Member preparing the application:

Name: _____

Address: _____

Phone: _____

Email: _____

TOTAL REQUESTED FUNDING: _____

Please answer the following questions. Additional space may be used if needed.

1. Description of technology request:
