

## **Chapter Programming Award**

Spiritual Development, Hunter Smith

### Chapter Programs

- Brothers attended church services together multiple times throughout the year.
- Brothers participated in a bi-weekly Bible study based on the different words that make up the FarmHouse acronym.
- Every week brothers compile a list of those who need our prayers, and we pray for them as a chapter.
- Short devotionals were placed in bathrooms and common areas throughout the house.
- Each chapter meeting, a Bible verse is presented that will help to guide our thoughts and actions throughout the remainder of the week.
- The brothers are led in prayer before every meal

### Chapter Goals

1. Grow closer to God as a chapter.

Bible study, devotionals, and the weekly Bible verse helps members take a moment to focus on Scripture in the busy schedule of being a fraternity man.

2. Become a more tight knit brotherhood while learning the Word.

Bible study and Chapter Church are intended for brothers to spend time together and fellowship while also growing spiritually.

3. Better exemplify the qualities of a man of God as well as those of a FarmHouse man

All of the above programs help members become better men.
