

HAZING VIDEOTAPE TEST

As you assess your chapter's new member education program, run this test past each activity to help determine whether you have hazing or potentially hazing activities that need to be re-evaluated:

1. Is Alcohol involved with the activity?
2. Will active/current members of the group refuse to participate with the new members and do exactly what they're being asked to do?
3. Does the activity risk emotional or physical abuse?
4. Is there risk of injury or a question of safety?
5. Do you have any reservation describing the activity to your parents, to a professor or University official (Greek Life, Dean of Students)?
6. Would you object to the activity being photographed for the school newspaper or filmed by the local TV news crew?

If you answer yes to any of these, then the activity must be eliminated or significantly modified.
